SECURITIES IN THE LOCAL MARKET

The weekly letter of John C. Culler, Jr. & Co., is as follows:

Business as a whole is being conducted conservatively throughout the United States at the present time. Commercial and industrial activities are fairly well maintained, but investment conditions are rather dull. There appears to be quite a little money in the hands of individuals available for investments, although many investors are waiting until the final readjustment takes place after the tariff question is settled by congress before investing their funds.

The recent rains have been of great benefit to all the crops in Utah. The farmers in the vicinity of the various sugar factories are feeling encouraged, as the beet crop conditions are excellent. The wool market this season has been inclined to drag. Wholesale trade is reported fairly good and the volume larger than a year ago. In Salt Lake retail trade is only fair. Money is a little easier, although collections are rather slow.

On June 20 the Utah-Idaho Sugar Co. will pay its quarterly dividend, amounting to \$165,000. July 1 the Amalgamated Sugar Co. pays 1 1/2 per cent dividend, of \$38,271; the Home Fire Insurance Co. pays 4 1/2 per cent dividends, of \$12,500; the Beneficial

Life Insurance Co. pays 2 1/2 per cent dividend, of \$50,000, and the 3 per cent semi-annual interest on the bonds of the Utah Hotel Co., amounting to \$20,000 will be paid. In July the Consolidated Wagon & Machine Co. pays 2 per cent dividend, amounting to \$50,000, and interest on the bonds of the Consolidated Railway & Power Co., and Utah Light & Railway Co. will be paid. Nearly all the banking institutions also pay their regular dividends next month.

WORLD'S MARKETS
WALL STREET
New York, June 28.—Prices barely moved at the opening of the market today. There was little business on hand and fluctuations of such stocks as were traded in were confined to trivial fractions. The one exception

was National Railways of Mexico, second preferred, which rose a point on official denials of the reports of a receivership.

The indecision of the opening was succeeded by a slow advance which raised the list slightly over yesterday's close. Not much in the way of a movement was looked for owing to the lack of initiative from any source.

The market closed firm. News from Washington that the president was assisting in preparation of the Harriman dissolution plan, and that the plan probably would be presented in court Monday stimulated stocks strongly in the last hour of trading. Union Pacific rose 1 1/2 points on active buying. The list as a whole felt the effect of the upturn and gains of 1 to 2 points were general among the leading stocks.

In the final trading the market reacted somewhat on realizing sales. Prior to the upturn trading was dull and flat; speculative conditions were unchanged, and traders displayed little interest in the market.

Bonds were steady.

Metals.
New York, June 28.—The metal markets were dull and nominal; lake copper, \$14.87 1/2-15.25; electrolytic, \$14.75-15.00; casting, \$14.50-14.87 1/2; all nominal.

Chicago Grain.
Chicago, June 28.—Suspension of trading by a fairly important firm that has been on the short side of the market, had a tendency to lessen offerings of wheat today and caused prices to harden. Absence of positive additional damage reports from the northwest, however, led to increasing sales and brought about a reaction. The opening was unchanged to 3/8-1/2 higher. September, which started at 91 1/4-91 3/8, fell off to 90 7/8-91 1/4 to 1-4-3-8; fell off to 90 7/8-91 1/4 to 1-4-3-8; September corn opened a shade to 3-8 higher at 63 1/2 to 63 7/8; dropped to 63 1/8-1-4, and rallied to 63 1-2.

September oats started 3-8 to 5-8 higher at 43 1/4 to 43 1-2, declined to 42 3/4-4c and then recovered to 43 1-4.

First sales of provisions varied from last night's level to 20 cents down, including September options as follows:

Pork, \$20.52 1-2.
Lard, \$11.25.
Ribs, \$11.10.

Wheat—Thereafter the market had no important feature.

Corn—Subsequent fluctuations were narrow; the close was easy at 63 1-8 for September, a net loss of 1-4-3-8.

Money.
New York, June 28.—Money on call nominal; no loans. Time loans, steady; 60 days, 3 1/2-3 3/4 per cent; 90 days, 3 3/4-4 per cent; six months, 5-5 1/2 per cent.

Prime mercantile paper six per cent. Sterling exchange steady with actual business in bankers bills at 48 1/2 for 60-day bills and at 48 1/2 for demand;

commercial bills 48 1/2; bar silver, 58 1/2-58. Mexican dollars 48; government bonds, steady; railroad bonds, steady.
